ADAPTIVE PLANNING ON-DEMAND

Adaptive Planning Express Edition On-Demand serves as a free entry-level addition to the company's suite of budgeting, forecasting and reporting tools. There are no restrictions on the duration

of use and access is granted for up to 50 users per company.

Get Started Wizard lets small and midsize companies set up plans within hours, and signing up requires a one-

Adaptive Planning

click download and installation process. Power user training takes an average of two hours and business user training takes less than 30 minutes. Self-service video training is also available as well as source code for deeper customization.

Price: Free download at www.adaptiveplanning.com. Adaptive Planning: (650) 528-7500.
